

# He's my Savoir

**Marilyn Baker**

He took my feet from the miry clay  
He set them on a solid rock to stay  
His precious blood washed my sins away  
He's my savoir my friend and my Lord

He took my feet from the miry clay  
He set them on a solid rock to stay  
His precious blood washed my sins away  
He's my savoir my friend and my Lord

On the cross he gave his life for my  
dying in my place that I might be free  
to live with him for eternity  
So He's my savoir my friend and my Lord

He took my feet from the miry clay  
He set them on a solid rock to stay  
His precious blood washed my sins away  
He's my savoir my friend and my Lord

But Jesus is alive today and lives in my heart  
Bringing joy and strength to make a new start  
Although I may fail him, He'll never never depart  
For He's my savoir, my friend and my Lord

He took my feet from the miry clay  
He set them on a solid rock to stay  
His precious blood washed my sins away  
He's my savoir my friend and my Lord

So if you feel that your life could hold more  
take the key of faith open wide your hearts door  
He won't disappoint you his love is so sure  
He's your savoir, your friend and your Lord

He took my feet from the miry clay  
He set them on a solid rock to stay  
His precious blood washed my sins away  
He's my savoir my friend and my Lord  
Oh yes he's my savoir, my friend and my Lord  
Oh yes he's my savoir, my friend and my Lord
